

WHY CHOOSE LOGIC?

Logic have trained operatives on hand to deliver training specific to your business premises on the requirements of a fire warden.

WHAT IS A FIRE WARDEN?

Visit our website to watch a short video on the role of a fire warden.

LEGAL REQUIREMENT

The Regulatory Reform (Fire Safety) Order 2005 requires all employers to provide their staff with adequate fire safety training.

It is a **legal requirement** that all employers provide their staff with adequate fire safety training tailored to the specific needs of their business premises.

A half-day interactive fire warden training session will include:

- ✓ Fire safety legislation,
- ✓ Action in the event of a fire,
- ✓ Role of the fire warden,
- ✓ Types of fire extinguishers and how to use them,
- ✓ Practical demonstration on the use of fire extinguishers,
- ✓ Certification issued to all attendees on completion of the training course.

“It gave confidence to actually use an extinguisher and what to expect”

Book your fire warden training session today!
