

# FIRE EXTINGUISHER

## DID YOU KNOW?

You need to have staff trained to use fire extinguishers so that they use them correctly. Incorrect usage could make the situation worse!

## FIRE WARDEN TRAINING

As part of Logic's Fire Warden Training course, we train your staff how to correctly use fire extinguishers for the situation.

## MAINTENANCE

If you have fire extinguishers on your premises, they need to be maintained in line with the current standards.

- 🔥 We only use the best quality equipment and all our extinguishers are manufactured in line with current legal requirements.
- 🔥 On average, 3 out of 4 fires are extinguished with an on-site fire extinguisher (IFEDA).
