

### WHY CHOOSE LOGIC?

Logic Fire and Security are third-party accredited for the design, maintenance and installation of intruder alarm systems to NSI Gold standard.

### CCTV

CCTV system can be linked to the intruder alarm for evidence capture.

### INSURANCE

Having a compliant intruder alarm system can reduce insurance premiums.

# INTRUDER ALARM

## Intruder alarms make intruders think twice!

Not only do they act as a deterrent, but having an intruder alarm will provide a warning that an intrusion is taking place; either to staff, a remote monitoring centre or passers-by.

Having a remote monitoring service set up with your intruder alarm can enable an automatic police response on the activation of the alarm and notification to the set key-holders.

Some intruder alarms can also be controlled via a mobile app, allowing control from any location.
