

Excel Environ Communications Racks (CR)

excel
without compromise.

Excel is a world-class premium performance end-to-end infrastructure solution - designed, manufactured, supported and delivered - without compromise.

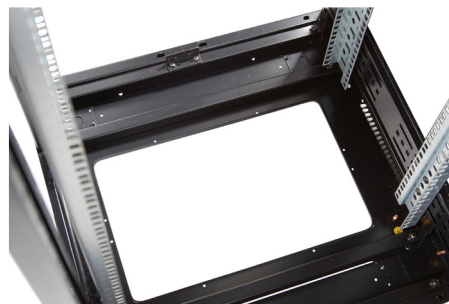

The Environ CR Series is a versatile range of racks fitted with a glass front door. Designed to accommodate a load of up to 600 kg and available in a range of heights and depths they offer features that make them suitable for a wide range of applications in the data, security, audio visual and telecommunication arenas.

- Available in multiple heights between 15U and 47U
- Available in 2 widths: 600mm, 800mm
- Available in 3 depths: 600mm, 800mm, 1000mm
- Choice of colours: Grey/White and Black
- Aesthetically pleasing full-width framed glass front door and steel rear door
- Lockable, quick release side panels for maximum access
- Adjustable 19" mounting profiles
- Can be bayed with or without side panels
- Multiple brush strip cable entry points in roof

Each rack is designed with strength, ease of use and aesthetics in mind. Features such as quick release doors and side panels, fully adjustable front and rear profiles and above average access through the either the top or base of the rack make the product extremely flexible and easy to install cables and equipment into. The communications racks are available assembled or flat pack.

A full range of Excel accessories are available to complete cable or equipment installation from shelving through to ventilation and power distribution units.
