Excel Environ Wall Racks (WR)

excel
without compromise.

Excel is a world-class premium performance end-to-end infrastructure solution – designed, manufactured, supported and delivered, without compromise.

The Environ WR Series is fitted with an aesthetically pleasing framed safety glass front door. Designed to accommodate a load of up to 60 kg and available in a range of heights and depths, the Wall Racks offer features that make them ideal for use across a range of applications including local area networking (LAN) cabling and hardware, and the housing of security and audio and visual equipment.

-	**Available in 6 heights: 6U, 9U, 12U, 15U, 18U, 21U**
-	**Available in 3 depths: 390mm, 500mm, 600mm**
-	**Choice of colours: Grey/White and Black**
-	**Aesthetically pleasing framed safety glass front door**
-	**Lockable, quick release side panels for maximum access**
-	**Adjustable 19" mounting profiles**
-	**Angled vented roof**

Each rack is designed with strength, ease of use and aesthetics in mind. Features such as quick release doors and side panels, fully adjustable front and rear profiles and above average access through the either the top or base of the rack make the product extremely flexible and easy to install cables and equipment into. The wall mount racks are available assembled or flat pack. The flat pack supplied version permits makes handling the rack onsite simple for one person. Due to the design the rack can be assembled 'on the wall' for ease.

A full range of Excel accessories are available to complete cable or equipment installation from shelving through to ventilation and power distribution units.
