RECRUITING
INSTALLATION ENGINEERS
VARIOUS LOCATIONS THROUGHOUT THE UK

Logic Fire and Security Ltd are recruiting installation engineers throughout the country to join us and help us provide a vital service to protect life safety systems.

As an installation engineer, you will work on a range of new and upgrade installation works, from very large multi discipline and multi panel sites to smaller single systems and upgrades.

SKILLS:
- Excellent install knowledge including containment and cabling at a domestic and commercial level.
- Good knowledge of Fire Alarms/CCTV/Security/Access.

RELEVANT QUALIFICATIONS:
- ECS Card
- IPAF Card
