

FIRE & SECURITY SERVICE ENGINEER

Logic Fire and Security Ltd are recruiting Service Engineers throughout the country to join us and help us provide a vital service to protect life safety systems.

£48k OTE (uncapped)

Location: Roles are required throughout the UK.

What skills, experience & qualifications are we looking for?

As a service Engineer, you will provide maintenance and servicing of life safety systems and carry out remedial works in a variety of sites.

- Fault finding skills on Fire and Security Systems.
- Ability to work with Fire Alarms, Emergency Lighting, Fire Extinguishers & Security Systems.
- GENT training desirable but training can be given for the right candidate.
- Excellent customer service.
- Ability to work both on your own or in a team.
- Good communication skills.
- Proactive attitude.
- Ability to self-manage.
- Take part in the out-of-hours call out rota and be available and willing to support emergency call outs when on call.

What are we offering?

If you are a high-calibre **Fire and Security Service Engineer** – why not come and work for one of the fastest-growing companies in the sector? If you have a strong technical background, the right skills and are ambitious, we will reward you with an industry-leading salary and benefits.

You will be provided with a company vehicle & fuel cards, mobile phone, tablet, laptop and maintenance tools.

Who are we?

You will be working for **Logic Fire and Security**, part of the **Compliance Group**. The companies we work with value our extensive knowledge of fire protection equipment & security systems; our experience of strategic system planning and testing ensures their buildings and business are fully compliant with all the latest regulations.

Are there any additional benefits?

- On target earnings of £48k, this is uncapped.
- Lots of overtime available.
- Annual leave entitlement: 21 days + bank holidays per annum, increasing by 1 day a year at commencement of new leave year, up to a maximum of 5 additional days. This is effective after completion of 1 years' service.
- A full training and personal progression plan as part of Logic Academy.

If you are looking for a new challenge with exceptional opportunities and rewards Logic Fire and Security is where you need to be.

Logic Fire and Security are committed to providing equal opportunities for all employees and applicants, priding themselves in hiring the right people, making a friendly, fun environment to work in.
