CCTV

logic
Fire and Security

Having a CCTV system allows you to monitor on-sight and perimeter activity of your premises, this can be used as both a surveillance tool and a method of identifying thieves, vandals and intruders.

Advantages of a CCTV System:

Business Protection
- 📷 Provides 24/7 surveillance.
- 📷 Acts as a deterrent.

Lone Workers
- 📷 Provides protection *&* support for staff working alone on site.

Marketing
- 📷 CCTV can monitor customer numbers in/out of a store.

Time Management
- 📷 Use as a back-up system to verify staff/visitors arriving and leaving the premises.

Health and Safety
- 📷 Review footage to identify cause of incident and provide evidence.

WHY CHOOSE LOGIC?

Logic Fire and Security are third party accredited for the design, maintenance and installation of CCTV systems to NSI Gold standard.

INTRUDER ALARM

CCTV can be linked to the Intruder Alarm for evidence capture of intruders.
